Understanding Parking

**Parking at the
University of Delaware
is based on your customer group;
who YOU are to UD.**

Students do not generally drive to
class. Please expect to park on the
campus perimeter and walk, bike, or
ride the shuttle bus around campus.

Commuting students with under 110
accumulated credit hours park in red
lots and ride the shuttle bus to main
campus, purchase monthly parking in a
garage, or park hourly. Generally,
overnight parking is not included for
commuters. Carpooling and alternative
transportation to get to campus is
encouraged. Limited space is available
for commuters who live within the
parking perimeter (downtown) and need
overnight parking.

On-campus students are assigned a
lot(s) number generally within 1-3
blocks from their residence and is
considered storage parking though
monthly garage options are available to
them.
